

# My Sample Document Using AsciiDoc Generator

This is an attempt to make an Documentation Generator using an AsciiDoc generator in GitHubs Infrastructure. When I am able to get this hardened out well, I will make a similar variation using Gitlab and perhaps lookinto expanding it using other technologies. Feel free to improve upon this any or make suggestions if it interests you. I pulled some of the text from <https://entertainment.com/funny-monologues> and I reviewed <https://github.com/github/actions-cheat-sheet> and <https://github.com/actions> while making this.

## “As You Like It”

**Plot** – Here is a young maiden, Phebe's description of her newfound love – Ganymede – to her friend, Silvius, who's secretly in love with her. The funny bit of this Shakespearean classic is the fact that Phebe tries hard to disguise her love for Ganymede in the form of the challenge letter that she wants to send to him via Silvius.

I sorced this as "text" but you could easily put yaml, Think not I love him, though I ask for him; 'Tis but a

### **"Curse of the Pharaoh's Kiss"**

**Plot** – Trapped in the tomb of an Egyptian pharaoh's tomb, Veronica Melville tries to get rid of her boredom by describing her 'perfect man' to a sailor, Rodney Gunther, whom she just met. Her description makes this monologue a fun one for women.

What do I look for in a man? Oh, what every simple woman wants, I suppose. A man who is kind, and who is honest, unless of course his honesty would be unkind, then he should be diplomatic, but still firm, both in integrity and physique. He should be devilishly handsome and angelically humble. And whether it be the rolling seas or the towering skyscrapers, he should love his work, and love it even more when he rushes home to ask how my day has been. The sort of man who can laugh fondly at a memorial service, shed a tear at a wedding, and cry openly after making passionate love. As a lover we would be gentle but rough, ruggedly soft yet delicately rigid. He loves the great outdoors, animals, large families, and pasta. He enjoys wearing sweaters, despises the color aqua-marine, and eats pineapple for breakfast every Sunday morning. He whistles showtunes, donates spare change to organ grinder monkeys, and makes a wish during every lunar eclipse. He has never known the pain of a broken heart, nor has he ever sprained his wrist while moving furniture, though he does suffer from tennis elbow and he gets dreadfully angry at crossword puzzles, and he has the sweetest smile in the entire world. (Pause.) Oh, and he's rich.

### "The Doctor in Spite of Himself"

**Plot** – Sganarelle, an intelligent woodcutter, is mistaken to be a doctor, and everyone seems to throng to him with their problems. Here's his witty and absolutely hilarious monologue, describing his current state, and at the same time, taking a dig at a doctor's profession.

No, I tell you; they made a doctor of me in spite of myself. I had never dreamt of being so learned as that, and all my studies came to an end in the lowest form. I can't imagine what put that whim into their heads; but when I saw that they were resolved to force me to be a doctor, I made up my mind to be one at the expense of those I might have to do with. Yet you would hardly believe how the error has spread abroad, and how everyone is obstinately determined to see a great doctor in me. They come to fetch me from right and left; and if things go on in that fashion, I think I had better stick to physic all my life. I find it the best of trades; for, whether we are right or wrong, we are paid equally well. We are

# Untitled

Plot – Kevin's girlfriend, Maria, recently broke up with him because he didn't meet her, and was at Stephanie's house. Stephanie is their batchmate and a friend of Kevin's. Here is how Kevin tries to explain the scene to Maria and makes a total mess of it. Have fun reading this hilarious monologue for men.

- Protagonist – Kevin  
 Hey Maria. On C mon dear. Can't I talk to you for just a minute? Look...I know I was a jerk (beat). Okay, a major jerk. I mean 100% jerk. And I really don't blame you for dumping me. Well, just a little. More than a little. Joke – Joke, that was a joke! I'm seriously sorry for not coming to you last weekend. But I did that because, you know, Stephanie was not well. I mean I'm not her care taker. I mean the real reason is. Well, I'll tell you. The real reason is she was lonely, all alone. Well, not because what you think. Wait! Wait Maria! She was lonely because she broke up with John, she was getting into depression. She promised me a good time. Wait Maria, that was what I didn't mean. I didn't sleep with her. She didn't want to. Okay, what I'm saying? I mean we both didn't want to. Hold up! Well, we're just friends. Well, I want to say that she wanted me to spend the night and I wanted to be with her. Not be with her, but be alongside her, as a friend, just as a friend. Maria, you're getting me, baby. Listen, this is all coming out to be wrong. I love you, Maria. I mean LOVE begins with you and doesn't end on you! Well, that means you've taught me the meaning of love, it's expanding, always. Maria, Maria, wait.. (Maria listens and then moves back) don't leave....Maria..it's just coming wrong...I don't know why...

## “Tommy Boy”

**Plot** – A Sophomore in high school, Tommy, is a fun-loving lad, who absolutely loves to hang out with his pals. He, however, is very shy when it comes to interacting with the opposite sex. Here's a monologue of him talking to his friend, Ivan, as they wait for the bus.

Dude, you'll never believe what happened to me today. It all started when I woke up this morning. You know usually I press the snooze button about four or five times....but today was different, when I heard the alarm, I just sprang out of bed and said to myself, "Today is going to be a great day!" I don't know why I said it, but I was feeling great! I got in the shower and found myself humming a cool song I heard the day before. While I was combing my hair in the mirror, I noticed that not only was it a great hair day, but my skin seemed different too....alive and glowing, and no it wasn't that new acne cream I'd been using...it was LIFE! So instead of dragging around, I threw on my clothes and headed out. When I got on the bus, the girls seemed to look at me differently. I thought maybe it was my confidence, or the hair, but then I thought who the heck cares, they were looking at me! So I looked back at them and they giggled. I mean, I think I looked tired, but not any more!

[illegible]

**"Bandana Mania"**

Phoebe Stephens has a very nice dress on, but just now she's standing  
in the middle of the room, arms outstretched, looking at her displays and  
heavily in the shadow of the white Stephanie of course who  
**quickly killed it**. Here's Jayna giving her friend some fashion  
advice for her first day of school.

Protagonist – Jayna

Stephanie, are you crazy! You can't wear that around here... Where do you think you are, the "St. Mary's School for Girls", cutie, you're downtown now. You can't wear that bandana around your ankle, like some little fashion accessory! You'll get us both killed! (beat) Yeah it looks great...but sorry...you're not wearing it. You'll see a lot of kids around here wearing bandanas on their heads and it's not because it goes with their shirt. They are like signs of association and sources of pride, or something like that...oh, and good luck if you DON'T happen to be familiar with, "The Code". Oh man, and heaven forbid you put a wrong color on, or wear it because it's cute...you could get yourself messed-up! Yesterday, I thought I'd have a little fun and wear that bandana my little brother gave me, with the good ole Red, White, and Blue, United States Flag printed on it...You should have seen the looks on their faces, they didn't know whether to throw me a peace sign or beat me up...but you can forget about it, I'm not wearing enough under arm deodorant to try that stunt again today, so please, just take it off!

### "Confused Teen"

Plot – Angie is a teenage girl going through a lot of changes physically, and just can't seem to see how these would possibly help her in life. Here's a monologue she has with her friend, Harmony, about the many 'challenges' in her life.

Protagonist – Angie

Protagonist: Angie

What's going on Harmony? I don't get it, why is it when you become a teenager everything gets so confusing? I mean, what are they doing, spiking the make-up? Is there some unwritten law that when you become a teenager you move into the realm of insanity? If I remember correctly, that's about the time everything started getting nutty. Think about it...I'm supposed to wash my face BEFORE I exercise to prevent build-up. No, I'm supposed to wash my face AFTER I exercise to prevent break-outs. I'm NOT SUPPOSED to eat chocolate because it causes pimples. Wait, I'm SUPPOSED to eat chocolate before I take a test, because it's great, "brain food." I'm SUPPOSED to have lots of foods hat are rich in iron to help my circulation. Hold on, now, I'm NOT SUPPOSED to have a lot of iron because it prevents my body from absorbing calcium properly. Wow, if I can survive being a confused teenager, I think I can pretty much survive anything! (Change of heart) Let's get out of here, I'm hungry!
